

Our new tool helps Participants see their score, and how they can improve it.

Nationwide's new online tool starts with four questions that individual Participants can easily answer to deliver a preliminary Retirement Readiness score, displayed on an eye-catching meter where they are. Then, they can input personal information that will help them fine-tune their score, and download or print a Retirement Readiness Report – created specifically for them.

Participants can personalize their Retirement Readiness experience.

When they enter additional information, they can get:

- Tailored retirement score
- Projected monthly income, including payouts¹ from:
 - deferred compensation
 - pension
 - social security
- Desired income and projected income gap
- Actionable next steps to resolve their gap

When Participants reach a projection they like, they can have the tool prepare their Retirement Readiness Report so they put their initial steps into action right away.

Then, they can easily create an updated report anytime, to help them prepare for a robust and personalized discussion with their Nationwide Retirement Specialist.

We encourage you to try the tool for yourself. To get started, just log on to your Nationwide retirement account.

Participants can get meaningful next steps within just a few seconds, or use My Interactive Retirement PlannerSM to help them dig deeper and test drive various scenarios to further personalize their retirement outlook.

¹ Unless directly provided, pension and Social Security income are projections based on other information provided by the Participant.

After answering four simple questions, you can generate your personalized Retirement Readiness Report like the sample below.

[illegible]

Our Retirement Readiness experience is our latest enhancement to My Interactive Retirement Planner, and is part of our growing suite of tools and resources designed to help your employees prepare for and live in retirement.

For more information, contact your Nationwide representative at 1-855-463-4977.
