***Regular Agenda***

**RECOGNITIONS/PRESENTATIONS:** Matter of receiving any recognitions or presentations from the Consent Agenda.

None.

Legislative update from State Rep. Natalie Price:

- Rep. Price said that she feels good to be back in her family's hometown of Berkley.
- She said that she has very fond memories of serving on city council not that long ago.
- She said that she represents all of Berkley, all of Huntington Woods, most of Royal Oak, most of Birmingham, half of Beverly Hills, and parts of Bloomfield Township and Southfield, in the new House District 6.
  - Rep. Price said that she tries to visit each year at the beginning to provide a year-in-review, explaining how the past year went and outlining priorities for the coming year.
- She said that before her standard year-in-review, she spent time last week in Minneapolis meeting with legislators and community organizers.
  - She said that she decided to go because, in this moment, state and local leaders need to witness what is happening, learn from people on the ground, and bring lessons back to Michigan to better protect communities and democracy.
  - She said that what happens in one state affects all of us, and that Minneapolis' work will help shape how Michigan organizes, legislates, and holds those in power accountable.
  - Rep. Price said that Michigan is not waiting to see what other states are doing and noted legislation in Lansing that requires immediate response to federal overreach.
  - She said that she had slides to show examples of legislation and provided some baseline information before addressing ICE and federal overreach.
- Rep. Price said that during her first term, there was a Democratic trifecta in Lansing and many important laws were passed.
  - She said that now, in 2024, the House is under Republican control, creating a split legislature similar to Minnesota.
  - She said that the 2024 legislative year was the least productive in history in terms of laws signed, which deeply distresses her.
  - She said that tariffs and federal cuts to Medicaid, SNAP, and other state-run programs are slowing economic growth, and Michigan is bracing for these impacts.
- Rep. Price said that she supported local project disclosure and submission rules, and provided bill numbers for reference.
- She said these bills are also supported by the Michigan Municipal League, and she is a proud member of the municipal caucus advocating for municipal control and resources.
- She said that she supported creating the public safety and violence prevention trust fund.
- She said that despite some decreased constitutional revenue sharing, she advocates for municipalities to receive those funds in addition to the trust fund, not instead of it.
- Rep. Price said that she voted against requiring grantees to cooperate with ICE, as Republican control of the House is pushing municipalities to sign agreements with ICE without additional resources.
- She said that ICE is focused on immigration enforcement, not public safety, and municipalities should not be forced to act outside their scope.
  - She said that she voted against House Resolution 19.
  - Rep. Price said that she co-sponsored legislation introduced by Democrats to amend the state constitution to prevent federal suspension of fair trial rights, allow state legislators to visit corrections facilities without notice, and prohibit federal or state officers from masking their identity without immediate health risk.
  - She said that legislation also prohibits state or local revenue from being used for activities violating due process, bans censorship and book bans in libraries, restricts state or federal armed forces without the governor's permission, and limits immigration enforcement in protected places like hospitals, schools, and churches.
  - Rep. Price said that ICE actions make communities less safe and that her Republican colleagues are attempting to require local law enforcement to coordinate with ICE, diverting resources from public safety.
    - She said that Minneapolis DHS agents now outnumber local police nearly 5 to 1, costing over \$2 million in city resources for mandatory overtime.

- She said that these ICE operations intentionally make cities less safe and undermine local law enforcement trust.
- Rep. Price said that in September, Rep. Rheingans introduced a bill (HB4941) prohibiting law enforcement agencies from entering immigration enforcement agreements, which she co-sponsored.
- She said that ICE is not a public safety agency, and under the current president, has become a rogue actor, detaining U.S. citizens based on racially motivated suspicion.
- She said that over 170 American citizens were detained in 2025 alone, and federal agencies are being weaponized politically.
- Rep. Price said that her presence in Michigan is to ensure readiness for potential ICE activity similar to Minneapolis, and to prevent unchecked assaults on communities.
- She said that her focus is also on other Michigan issues, including 2025 legislation updates.
  - Rep. Price said that HB5696 updates laws on vehicle exhaust noise to allow local enforcement, with thanks to Chiefs Koehn (Berkley), Grewe (Birmingham), and Moore (Royal Oak).
  - She said she introduced legislation for sales tax exemptions on firearm safety devices, dog-friendly tasting rooms, prohibiting wage discrimination based on prior compensation, protecting healthcare workers from assault, expanding assisted outpatient treatment, and establishing good cause eviction standards.
- Rep. Price said that she serves on budget committees for appropriations, and she described how the budget process traditionally worked versus under Republican control, highlighting delays and harm to municipalities and schools.
  - She said that fiscal year 2026 included increases in K-12 foundation allowance and the public safety trust fund, but decreases in revenue sharing, behavioral health services, and legislatively directed spending.
  - Rep. Price said that she requested \$1.2 million for lead service lines in Berkley, \$6 million for Detroit Zoo water infrastructure, and \$12.5 million for green stormwater infrastructure, but Republicans decreased these allocations.
    - She said that state project cancellations in December 2025 clawed back \$650 million in funding already promised to communities.
      - Rep. Price said that Attorney General Dana Nessel stated these clawbacks violated the Michigan Constitution.
  - She said her main priorities include strengthening public health infrastructure, protecting healthcare workers, supporting direct care workers, investing in maternal and infant health, addressing racial disparities in healthcare, and collecting and acting on gun violence data.
  - Rep. Price said that she is focused on building Michigan's clean energy future, regulating data centers, ensuring fair taxation, environmental protections, and union labor commitments.
- She said that fully funding public schools, K-12 and beyond, has been a primary motivation for her service.
  - Rep. Price said that she is advocating for clear distinctions in funding for schools versus other general fund uses, ensuring municipalities have dedicated revenue.
  - She said that she is actively working on infrastructure improvements for schools, collaborating with community advocacy groups.
- Rep. Price said that she is available to constituents for legislative updates, know-your-rights trainings, virtual town halls, constituent services, and advocacy for appropriations.
  - She said that residents should reach out for help with state departments, unemployment claims, permits, grants, and resource allocation in communities.
  - Rep. Price said that she encourages engagement on legislative priorities and constituent issues, providing her email and office phone.
  - She said that her next virtual town hall is Friday, February 13th at 11 a.m. on Facebook Live.
- Rep. Price said that her district is safe partly due to local public safety efforts and she appreciates Berkley's commitment to keeping the community safe.

SMART Specialized Services – FY26 contract subject to resolution of the City Attorney's concerns regarding Section 11.

**PRIVILEGED AND CONFIDENTIAL**  
**MEMORANDUM**

**TO:** Matt Koehn, Director of Public Safety, City of Berkley

**CC:** Crystal VanVleck, City Manager  
Lisa Hamameh, City Attorney

**FROM:** Joellen Shortley, Assistant City Attorney

**DATE:** February 11, 2026

**SUBJECT:** County P25 Simulcast System Interlocal Agreement

---

We were requested to review the P25 Simulcast System Interlocal Agreement, which indicates it was approved by the Radio Oversight Committee. Except for the County's standard language in these types of agreements that allows the County to offset late payments from the City from the Delinquent Tax Revolving Fund, we do not have any legal concerns with the Agreement. As explained below, the County's right to offset is standard in many of their Interlocal agreements and not likely to be used by the County since the City will pay the County for amounts due under the Agreement, if any. We recommend that you carefully review the System User Guide and Policy Manual, which is defined as the "System Polices", to ensure you are able to comply with it. Since a new agreement has not been proposed in quite some time, we have provided an overview of the new Agreement.

There has been a County-wide interoperable public safety system since approximately 2004. The system reached its end of life in 2020. The County has been constructing and implementing a new public safety P25 Simulcast System, ("System"), which is integrated with the Michigan Public Safety Communication System. The County is the owner of the System and holder of the FCC license frequencies for the System.

The new Interlocal Agreement terminates the prior Interlocal Agreement and defines the responsibilities of the County and the municipalities regarding the operation, maintenance and repair of the P25 Simulcast System.

The County, through its Information Technology Department ("OCDIT") will be responsible for operating the P25 Simulcast System. The Technical & Policy Committee, defined as an advisory group of subject matter experts, defined in section 7 of the Agreement, will provide advice and recommendations on the management, operation and use of the System.

## **City requirements**

- Comply with Laws, Regulations and Policies:** The City is required under the Agreement to follow all applicable laws, regulations, rules and the System Policies, and any amendments to these. The City is required to ensure that their employees, agents and volunteers comply with these same requirements.
- Designate a Point of Contact:** The City must designate a contact person and alternate to act as a liaison with the County regarding the management, operation and use of the System.
- Facilities:** The City is required to provide space to the County, at no cost, to locate and house Infrastructure Equipment and Application Programming Interfaces ("API") for the System. The location of the space shall be mutually agreed upon and memorialized in writing. The designation of or change to the location does not require an amendment to the Agreement.
- Access:** The City shall provide the County, its contractors and representatives of the Michigan Public Safety Communications System, ("MPSCS") with 24/7 access to the City-owned or controlled buildings/facilities to access the Infrastructure Equipment and API for maintenance, repair and replacement. The City may require the County to contact the City prior to arrival; however, this is not required in an emergency situation.
- Legacy Frequencies:** If the City uses any legacy frequencies, such as those that may be interfaced through the System, the City shall be the license holder of those legacy frequencies.
- Pay for System and Subscriber Equipment:** On a quarterly basis, the County invoices the City for the costs and fees established in the System Policies. The costs are to be paid by the City to the County within 30 days of receipt of an invoice.

## **County Responsibilities**

- Monitoring of Use of System:** The County may monitor and audit the City's use of the System and compliance with the System Policies, the Agreement, laws, regulations and rules. The MPCSC may also monitor the System to ensure it is operating pursuant to the Agreement and MPCSC standards.
- Subscriber Equipment:** The County will purchase and own the Subscriber Equipment and pay for its maintenance and repair but will not pay for its replacement. If the City purchases Subscriber Equipment, the City will own the Subscriber Equipment and be responsible for its maintenance, repair and replacement. The County will not provide insurance for Subscriber Equipment or the facilities owned by the City.

## **Disclaimer of Warranties**

The County disclaims all warranties of any kind including that the System will meet the City's requirements or that the System will operate uninterrupted, timely, secure, accurate, or error-free.

### **Technical & Policy Committee**

The composition, term, voting and responsibilities of the Technical & Advisory Committee, which is comprised of 5 designated County positions including one appointed by the Oakland County Sheriff. The Police Chief's Association shall appoint 3 individuals to the Committee. Fire Mutual Aid Association MABAS 3202 appoints 1 individual, and 2 individuals are appointed by MABAS 3201, with one of the two required to be from a Public Safety Department. The Committee drafts the System Policies, which are reviewed by County and revised until the County approves the Policies and amendments to the Policies. The Committee provides direction, counsel and recommendations to OCDIT. The Committee is a successor to the CLEMIS Radio Oversight Committee.

### **System Costs**

- 1. Payment for System and Subscriber Equipment:** On a quarterly basis, the County invoices the City for the costs and fees established in the System Policies. The costs are to be paid by the City to the County within 45 days' receipt of an invoice.
- 2. County Right to Off-Set Fees and Costs:** The County has the right to offset amounts past due from the City and to retain money due to the County from the City from distributions from the Delinquent Tax Revolving Fund (DTRF). This is standard language the County includes in many of its Interlocal agreements. If the City does not pay amounts owed to the County under this Agreement, the County can deduct the amount from the DTRF, which is a fund relating to properties sold through the foreclosure process. Through the DTRF, the County returns the amount of back taxes owed to the City from a delinquent property. It is unlikely the County will need to exercise this right against the City.
- 3. Possible Additional Costs:** The County has the right to bill the City for costs in responding to a subpoena, court order or FOIA request.

### **Duration, Term and Termination**

- 1. Resolution Required:** The County requires a resolution approving the Agreement and any amendments to the Agreement. I have prepared a resolution for your consideration to provide to the City Council.
- 2. Term:** The Agreement remains in effect until cancelled or terminated.
- 3. Termination:** The City may terminate the Agreement for any reason upon 60 days written notice to the County. All Subscriber Equipment not purchased by the City shall be returned to the County upon termination. The County can terminate the Agreement upon recommendation of the Technical & Policy Committee or if in the opinion of the County, the System is no longer operational.
- 4. Suspension of Services:** The County, on the recommendation of the Technical & Policy Committee, may immediately suspend the City's use of the System for breach of the

Agreement, unexpected technical or security issues and for other reasons provided in section 12.

## **Assurances and Liability**

Each Party to the Agreement is responsible for claims made against them by a third party for the acts or omissions of its employees, agents, or volunteers arising under the Agreement. There is no requirement to indemnify the County or for the County to indemnify the City. Each Party is responsible for obtaining their own licenses and permits.

## **Dispute Resolution**

The Agreement contains a dispute resolution process. Disputes are first discussed between the County's Chief Information Officer and the individual designated by the City. If their discussion does not resolve a dispute, the chief executive officials of each party or their designee will attempt to resolve the dispute.

## **Information the City needs to provide for the Agreement**

The City must provide the following information, with the information for numbers 1, 4 and 5 to be inserted in the Agreement:

1. **Section 2 Responsible Departments:** The County has designated OCIT as the County Department responsible for County obligations under the Agreement. The City is required to designate the name of the City Department to insert into Section 2, which will be responsible for City obligations under the Agreement.
2. **Section 4.2 Public Body Point of Contact:** The City is required to designate at least one person and an alternate to the primary point of contact with the County and act as a liaison between the City and County regarding the management and use of the System. The County has designated the County Radio Communications Supervisor as the County Point of Contact.
3. **Section 9.1 Resolution:** The Agreement requires a Resolution from the City approving the Agreement as well as having the Minutes of a City Council meeting indicate the approval and terms of the Agreement.
4. **Section 20 Notices:** The City must designate the individual(s) and address to receive notices from the County under the Agreement.
5. **Section 21 Dispute Resolution Designee:** The City must provide the title of the position that will first work with the County Chief Information Officer to try to resolve a dispute.

Please let us know if you have any questions.

**OAKLAND COUNTY P25 SIMULCAST SYSTEM  
INTERLOCAL AGREEMENT  
BETWEEN  
OAKLAND COUNTY AND CITY OF BERKLEY**

---

This Agreement ("the Agreement") is made between Oakland County, a Constitutional and Municipal Corporation, 1200 North Telegraph, Pontiac, Michigan 48341 ("County"), and the City of Berkley, 3338 Coolidge Hwy, Berkley, MI 48067 ("Public Body"). In this Agreement the County and the Public Body may also be referred to individually as "Party" or jointly as "Parties."

**INTRODUCTION/PURPOSE OF AGREEMENT.**

Since approximately 2004, the County has operated and maintained a County-wide interoperable public safety communications system for use by the County and for use by governmental entities and private public safety entities located within Oakland County ("2004 System"). The County was the owner of the 2004 System. To properly operate, manage, maintain, and repair the 2004 System, the County entered into interlocal agreements with the governmental entities using the 2004 System--delineating the relationship and responsibilities of the parties. That interlocal agreement was approved by the Oakland County Board of Commissioners in Miscellaneous Resolution #05158.

The 2004 System is now end of life and since 2020, the County has been constructing and implementing a new public safety P25 Simulcast System, which is integrated with the Michigan Public Safety Communications System. The P25 Simulcast System replaces the 2004 System. To properly operate, manage, maintain, and repair the P25 Simulcast System, the Parties must enter into an Interlocal Agreement that will terminate the interlocal agreement concerning the 2004 System and delineate the relationship and responsibilities of the Parties regarding the operation, management, maintenance, and repair of the P25 Simulcast System.

Accordingly, pursuant to the Urban Cooperation Act of 1967, 1967 PA7, MCL 124.501, *et seq.*, the County and the Public Body enter into this Agreement for the purposes set forth herein. In addition, through this Agreement and the operation of the P25 Simulcast System, each Party will be better prepared to serve and to provide aid to citizens of and persons in Oakland County, Michigan.

In consideration of the mutual promises, obligations, representations, and assurances in this Agreement, the Parties agree to the following:

1. **DEFINITIONS.** The following words and expressions used throughout this Agreement, whether used in the singular or plural, within or without quotation marks, or possessive or nonpossessive, shall be defined, read, and interpreted as follows.

- 1.1. **Agreement** means the terms and conditions of this Agreement, the Exhibits hereto, and any other mutually agreed to written and executed modification, amendment, or addendum.
- 1.2. **Public Body** means **City of Berkley**, including, but not limited to, its Council, Board, any and all of its departments, its divisions, elected and appointed officials, directors, board members, council members, commissioners, authorities, committees, employees, agents, subcontractors, volunteers, and/or any such persons' successors. # Berkley Outdoor Social Scene (BOSS)

## Social District Maintenance and Operations Plan

### Introduction

On July 1, 2020, Michigan Public Act 124 of 2020 was signed into law, allowing local governments to establish 'Social Districts' within their jurisdictions. These Social Districts allow for 'common areas' where two or more contiguous licensed establishments (i.e., bars, distilleries, breweries, restaurants, tasting rooms) may sell alcoholic beverages in designated containers to be taken into the area for consumption. The City of Berkley, in coordination with the City of Berkley Downtown Development Authority, now seeks to establish such a Social District.

### Management

The Berkley Outdoor Social Scene (BOSS) will be created and managed by the City of Berkley and City of Berkley Downtown Development Authority. The district management and operations will be supported by the Public Safety Department for Safety and the Department of Public Works for signage and maintenance.

### District Boundaries

The boundaries of the BOSS social district would generally be as follows: All streets, sidewalks, public parking and other public spaces adjacent to and/or including the parcels listed immediately below. Refer to the map of the social district at the end of this document for reference.

# MEMORANDUM

To: Mayor Dean and City Council  
From: Kristen Kapelanski, Community Development Director  
Date: February 23, 2026  
Subject: Noise – City Code Amendment

---

Madam Mayor and Members of City Council,

## Background

- The City maintains a noise ordinance to list those noise offenses that are found to be disruptive to the community.
- Most of the noise ordinance provisions have not been substantially updated since 1981, with some minor updates taking place about five years ago.
- The vagueness of the current ordinance provisions has led to enforcement issues, as one person's noise that "...annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety others..." can be different from another's.

## Summary

- The proposed amendment adds definitions to the noise ordinance, most importantly, definitions for measuring and recording sounds.
- Allowable decibel levels have been included for both residential and commercial areas.
- Outdated and overly specific references to specific noise generators have been removed.

## Recommendation

Moved by Councilmember \_\_\_\_\_ and seconded by Councilmember \_\_\_\_\_ to approve the first reading of the City Council of the City of Berkley, Michigan, to amend Section 74-1 through 74-12 of Chapter 74, Noise, of the Berkley City Code to allow for the regulation of sound and sound emitting devices by providing specific definitions and measurable decibel and sound pressure levels, and to remove and modify redundant language and provisions.

**AN ORDINANCE**

**of the City Council of the City of Berkley, Michigan, to amend Section 74-1 through 74-12 of Chapter 74, Noise, of the Berkley City Code to allow for the regulation of sound and sound emitting devices by providing specific definitions and measurable decibel and sound pressure levels, and to remove and modify redundant language and provisions.**

***THE CITY OF BERKLEY ORDAINS:***

***CHAPTER 74 – NOISE***

**ARTICLE I - AMENDMENT**

**Sec. 74-1 – Prohibition generally - shall be re-titled Definitions and shall be amended to read as follows:**

~~(a) It will be unlawful for any person to make, continue or cause to be made or continued any loud, unnecessary or unusual noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of others, within the limits of the city. (b) Each of the acts enumerated in this chapter is declared unlawful and prohibited, and violators will be responsible for a municipal civil infraction, but this enumeration will not be deemed to be exclusive.~~

The following words, terms and phrases, when used in this article, will have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Commercial area means any parcel of land zoned Community Centerpiece, Downtown, Flex, Gateway Corridor, Woodward Corridor, or Cemetery.

Decibel (dB) means a unit measure of sound level.

Residential area means any parcel of land zoned R-1AB, R-1CD, R-2, R-M, R-M-H.

Sound means an oscillation in pressure, particle displacement, particle velocity or other physical parameter in a medium with internal forces that causes compression and rarefaction of that medium. The description of sound may include any characteristic of such sound, including duration, intensity and frequency.

Sound level means the weighted sound pressure level obtained by the use of a sound level meter. Audible sound occurs over a wide frequency range, from approximately twenty (20) Hertz (Hz) to twenty thousand (20,000) Hz. Human hearing responds differently to lower frequency (pitch) sounds, so they sound equally as loud as higher frequency sounds with a much higher decibel level. To account for this variation in frequency and sensitivity of human hearing, a weighting is applied to sound level measurements, called A-weighted decibels, or dB(A).

Sound pressure means the instantaneous difference between the actual pressure and the average or barometric pressure at a given point in space, as produced by sound energy.

Sound Levels by Receiving Land Use		
Receiving Land Use Zoning	Time	Sound Level Limit (db(A))
Residential	11:00pm-7:00am	60dba
	7:00am-11:00pm	70dba
Commercial	11:00pm-7:00am	60dba
	7:00am-11:00pm	80dba

- (2) Highway maintenance and construction. Excavations or repairs of bridges, streets or highways by or on behalf of the city or the state during the night, when the public safety, welfare and convenience renders it impossible to perform such work during the day.

**Sec. 74-3 - Shouting and whistling - shall be deleted in its entirety.**

**Sec. 74-5. - Horns and signal devices - shall be deleted in its entirety.**

~~The sounding of any horn or signal device on any automobile, motorcycle, bus or other vehicle while not in motion, except as a danger signal if another vehicle is approaching, apparently out of control, or to give warning of intent to get under motion, or if in motion, only as a danger signal after or as brakes are being applied and deceleration of the vehicle is intended, the creation by means of any such signal device of any unreasonably loud or harsh sound, and the sounding of such device for an unnecessary and unreasonable period of time, is prohibited.~~

**Sec. 74-6. - Engine exhausts – shall be renumbered Sec. 74-3 and read as follows:**

The discharge into the open air of the exhaust of any steam engine, stationary internal combustion engine or motor vehicle, except through a muffler or other device, which effectively prevents loud or explosive noises therefrom, is prohibited.

~~The discharge into the open air of air from any noise-creating blower or power fan, unless the noise from such blower or fan is muffled sufficient to deaden such noise, is prohibited.~~

# MEMORANDUM

To: Mayor Dean and City Council  
From: Kristen Kapelanski, Community Development Director  
Date: February 23, 2026  
Subject: Code Enforcement – City Code Amendment

---

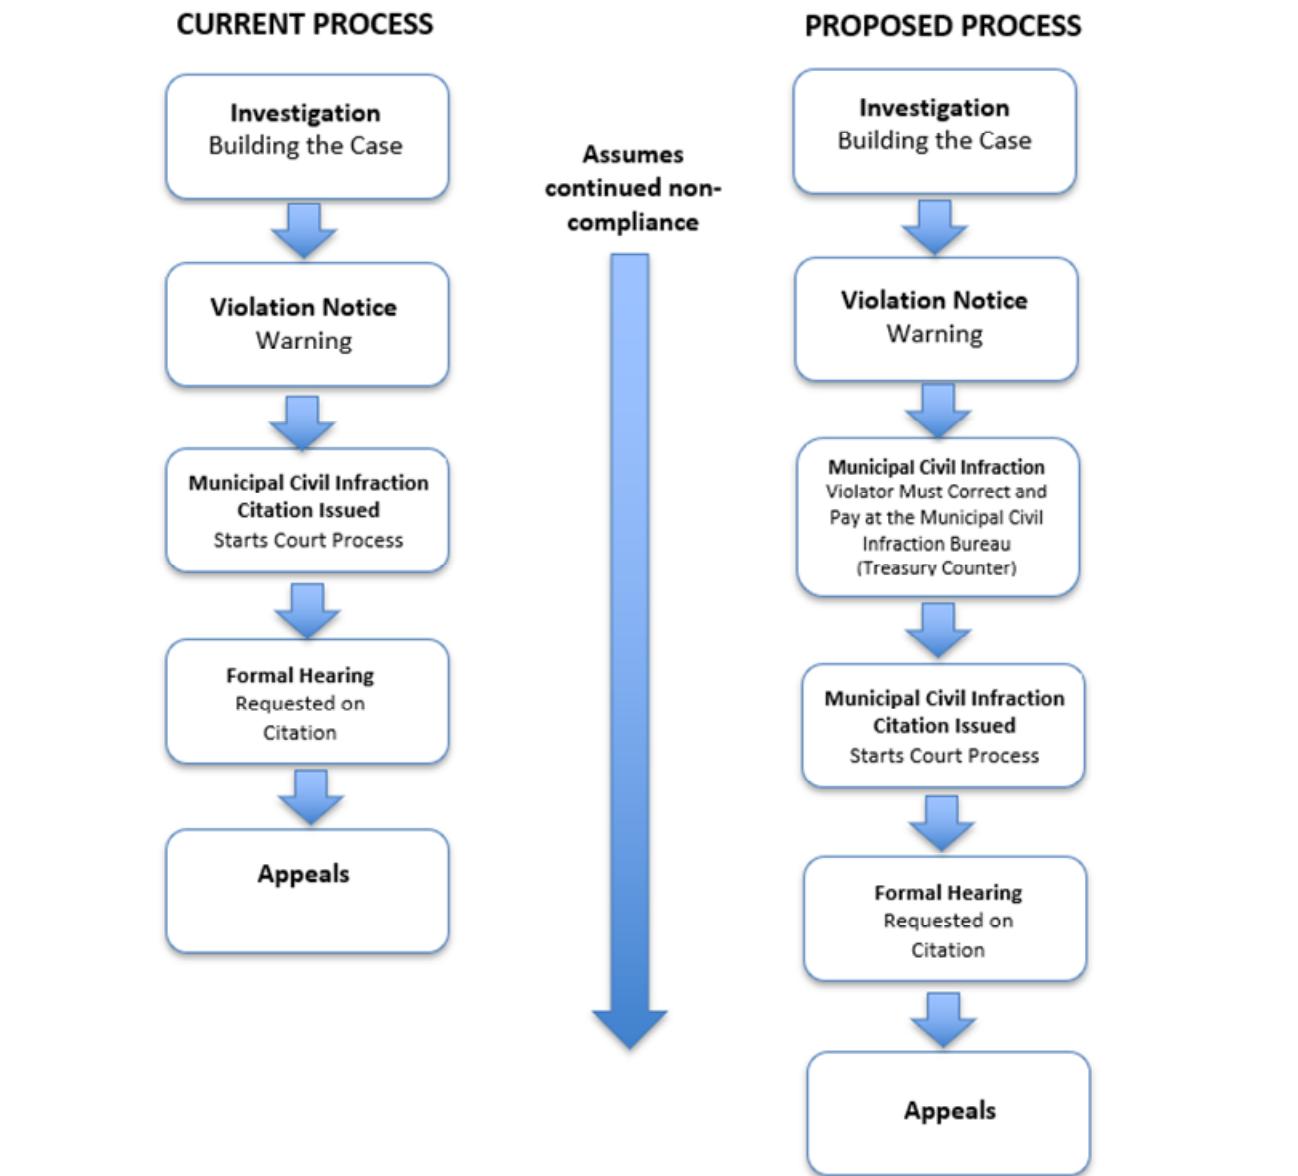

Madam Mayor and Members of City Council,

## Background

- Staff in the Community Development Department (along with assistance from other relevant departments) have been working to update our processes and procedures for Code Enforcement to determine how we can improve services and create some efficiencies. This is an effort led by Community Development with the assistance of the City Attorney, the Department of Public Works and the Public Safety Department.
- In 1994, the Legislature enacted Public Act 12 of 1994 (the “Act”). The Act allowed a local government to establish a Municipal Civil Infractions Bureau as a mechanism to handle violations internally. It also created a process to prosecute municipal civil infraction citations in the court system.
- In accordance with the Act, in 1994 the City adopted the Municipal Civil Infraction Ordinance and reclassified many of the City’s ordinances as municipal civil infractions (instead of criminal misdemeanors). Currently the City’s Ordinance only allows for issuance of citations in the court system.

## Summary

- Instead of citations issued through the court system as a first ticket, many communities have created an interim step, allowed by the Act, and established an internal Municipal Civil Infractions Bureau, which precedes court involvement.
- This has been identified as a best practice by the City Attorney’s office and they have drafted the attached amendment to modify the City’s code enforcement procedures in accordance with the Act.
- The flow charts on the following page outline the process a typical ordinance violation would take under the current process versus the proposed process.

- There are several advantages to the issuance of violations at the Municipal Civil Infractions Bureau versus citations issued in the court system.
  - It provides residents with one last opportunity to resolve the violation without court involvement.
  - All monies cited as fines for violations are paid to the City and stay with the City. (Most of the fines and costs collected through the court system go to the district court.)
  - The use of violations issued at the Bureau is a way to put more force behind the need to get the violation remedied without having to move through the court system, which can be costly, cumbersome and takes some of the control away from City staff and contractors. (If a violation is not corrected, citations can be issued and the court process can proceed.)

## **Recommendation**

Moved by Councilmember \_\_\_\_\_ and seconded by Councilmember \_\_\_\_\_ to approve the first reading of the City Council of the City of Berkley, Michigan, to amend Chapter 82, Article IX, Municipal Civil Infractions of the Berkley City Code to add a municipal civil infraction violations bureau and to further define and clarify the provisions in this Article.

The bureau shall not accept payment of a fine from any person who denies having committed the offense or who admits responsibility only with explanation, and in no event shall the bureau determine, or attempt to determine, the truth or falsity of any act or matter relating to an alleged violation.
- (e) *Municipal civil infraction violation notices.* Municipal civil infraction violation notices shall be issued and served by authorized city officials under the same circumstances and upon the same persons as provided for citations as provided in section 82-433(7) and (8). In addition to any other information required by this Code or other ordinance, the notice of violation shall indicate the time by which the alleged violator must appear at the bureau, the methods by which an appearance may be made, the address and telephone number of the bureau, the hours during which the bureau is open, the amount of the fine scheduled for the alleged violation, and the consequences for failure to appear and pay the required fine within the required time.
- (f) *Appearances; payment of fines and costs.* An alleged violator receiving a municipal civil infraction violation notice shall appear at the bureau and pay the specified fine and costs at or by the time specified for appearance in the

municipal civil infraction violation notice. An appearance may be made by mail, in person, or by representation.

(g) *Procedure where admission of responsibility not made or fine not paid.* If an authorized city official issues and serves a municipal ordinance violation notice and if an admission of responsibility is not made and the civil fine and costs, if any, prescribed by the schedule of fines for the violation are not paid at the bureau, a municipal civil infraction citation may be filed with the district court and a copy of the citation may be served by first class mail upon the alleged violator at the alleged violator's last known address. The citation filed with the court does not need to comply in all particulars with the requirements for citations as provided by sections 8705 and 8709 of the Revised Judicature Act (MCL 600.8705, 600.8709), but shall consist of a sworn complaint containing the allegations stated in the municipal ordinance violation notice and shall fairly inform the alleged violator how to respond to the citation.

**Sec. 82-437. ~~Same~~—Contents Sanctions.**

(a) ~~A municipal ordinance citation shall contain the name and address of the alleged violator, the municipal civil infraction alleged, the place where the alleged violator shall appear in court, the telephone number of the court, and the time at or by which the appearance shall be made.~~

- ~~(3) Deny responsibility for the municipal civil infraction by doing either of the following:~~

  - ~~b. Appearing in court for a formal hearing before judge, with the opportunity of being represented by an attorney.~~

(c) ~~The citation shall also inform the alleged violator of all of the following:~~

- ~~(1) That if the alleged violator desires to admit responsibility "with explanation" in person or by representation, the alleged violator must apply to the court in person, by mail, by telephone or by representation within the time specified for appearance and obtain a scheduled date and time for an appearance.~~
- ~~(2) That if the alleged violator desires to deny responsibility, the alleged violator must apply to the court in person, by mail, by telephone or by representation within the time specified for appearance and obtain a scheduled date and~~

~~time to appear for a hearing unless a hearing date is specified on the citation.~~

- ~~(3) That a hearing shall be an informal hearing unless a formal hearing is requested by the alleged violator or the city.~~

- ~~(5) That at a formal hearing the alleged violator must appear in person before a judge with the opportunity of being represented by an attorney.~~
- ~~(d) The citation shall contain a notice in boldface type that the failure of the alleged violator to appear within the time specified in the citation or at the time scheduled for a hearing or appearance is a misdemeanor and will result in entry of a default judgment against the alleged violator on the municipal civil infraction.~~

The sanction for a violation which is a municipal civil infraction shall be a civil fine in the amount as provided by this Code or any other ordinance, plus costs, damages, expenses and other sanctions, as authorized under chapter 87 of the Act (MCL 600.8701 et seq.), and other applicable laws or as determined by the court.

- (1) Unless otherwise specifically provided for a particular municipal civil infraction violation by this Code or any ordinance, the civil fine for a violation shall not exceed \$500.00, plus costs and other sanctions, for each infraction.
- (2) Increased civil fines may be imposed for repeated violations by a person of any requirement or provision of this Code or any ordinance. As used in this section, "repeat offense" means a second (or any subsequent) municipal civil infraction of the same requirement or provision:
  - a. Committed by a person within any six-month period (unless some other period is specifically provided by this Code or any ordinance); and
  - b. For which the person admits responsibility or is determined to be responsible.

**Sec. 82-438. ~~Appearance; payment of fines and costs~~ Schedule of civil fines established.**

~~An alleged violator receiving a municipal civil infraction violation shall appear at the court and pay the specified fine and costs at or by the time specified for appearance in the municipal civil infraction violation. An appearance may be made by mail, in person or by representation.~~

- (a) *Civil fines.* A schedule of civil fines payable to the bureau for admissions of responsibility by persons served with a municipal ordinance violation notice is hereby established. The following civil fines shall apply in the event of a determination of responsibility for a municipal civil infraction, unless a different fine is specified in connection with a particular ordinance provision:

- (1) *The first offense.* The civil fine for a first offense violation shall be in an amount of \$100.00, plus cost and other sanctions, for each offense.
- (2) *First repeat of offense.* The civil fine for any offense which is a first repeat offense shall be in an amount of \$250.00, plus cost and other sanctions, for each offense.
- (3) *Second (or any subsequent) repeat of offense.* The civil fine for any offense which is a second or subsequent repeat offense shall be in an amount of \$500.00, plus cost and other sanctions, for each offense.

(b) *Judgments, writs and orders.* In addition to ordering the defendant determined to be responsible for a municipal civil infraction to pay a civil fine, costs, damages and expenses, the judge or magistrate shall be authorized to issue any judgment, writ or order necessary to enforce, or enjoin violation of, this article.

(c) *Continuing offense.* Each act of violation and each day upon which any such violation shall occur, shall constitute a separate offense.

(d) *Remedies not exclusive.* In addition to any remedies provided for in this article, any equitable or other remedies available may be sought.

(e) *Judge or magistrate.* The judge or magistrate shall also be authorized to impose costs, damages and expenses as provided by law.

(f) *Default on payment of fines and costs.* A default in the payment of a civil fine, costs, damages or expenses ordered under subsection (a) or (b) of this section or an installment of the fine, costs, damages or expenses, as allowed by the court, may be collected by the city by a means authorized for the enforcement of a judgment under Chapters 40 or 60 of the Revised Judicature Act, Public Act No. 236 of 1961 (MCL 600.4001 et seq., 600.6001 et seq.).

(g) *Failure to comply with judgment or order.* If a defendant fails to comply with an order or judgment issued pursuant to this section within the time prescribed by the court, the court may proceed under subsection (i) of this section.

(h) *Failure to appear in court.* A defendant who fails to answer a citation or notice to appear in court for a violation of this article is guilty of a misdemeanor, punishable by a fine of not more than \$500.00, plus costs and/or imprisonment not to exceed 90 days.

(i) *Civil contempt.*

- (1) If a defendant defaults in the payment of a civil fine, costs, damages, expenses or installment as ordered by the district court, upon motion of the city or upon its own motion, the court may require the defendant to show cause why the defendant should not be held in civil contempt and may issue a summons, order to show cause, or bench warrant of arrest for the defendant's appearance.
- (2) If a corporation or an association is ordered to pay a civil fine, costs, damages or expenses, the individuals authorized to make disbursements shall pay the

fine, costs damages or expenses, and their failure to do so shall be civil contempt unless they make the showing required in this subsection.

- (3) Unless the defendant shows that the default was not attributable to an intentional refusal to obey the order of the court or to a failure on his part to make a good faith effort to obtain the funds required for payment, the court shall find that the default constitutes a civil contempt and may order the defendant committed until all or a specified part of the amount due is paid.
- (4) If it appears that the default in the payment of a civil fine, costs, damages or expenses does not constitute civil contempt, the court may enter an order allowing the defendant additional time for payment, reducing the amount of payment or of each installment or revoking the fine, costs, damages or expenses.
- (5) The term of imprisonment on civil contempt for nonpayment of a civil fine, costs, damages or expenses shall be specified in the order of commitment and shall not exceed one day for each \$30.00 due. A person committed for nonpayment of a civil fine, costs, damages or expenses shall be given credit toward payment for each day of imprisonment and each day of detention in default of recognizance before judgment at the rate of \$30.00 per day.
- (6) A defendant committed to imprisonment for civil contempt for nonpayment of a civil fine, costs, damages or expenses shall not be discharged from custody until one of the following occurs:
  - a. Defendant is credited with an amount due pursuant to subsection (i)(5) of this section.
  - b. The amount due is collected through execution of process or otherwise.
  - c. The amount due is satisfied pursuant to a combination of subsections (i)(6)a and b of this section.
- (7) The civil contempt shall be purged upon discharge of the defendant pursuant to subsection (i)(6) of this section.

(j) *Lien against land, building or structure.* If a defendant does not pay a civil fine, costs or installment ordered under subsection (a) or (b) of this section within 30 days after the date upon which the payment is due for a violation of this article involving the use or occupation of land, a building or other structure, the city may obtain a lien against the land, building or structure involved in the violation by recording a copy of the court order requiring payment of the fine and costs with the register of deeds for the county. The court order shall not be recorded unless a legal description of the property is incorporated in or attached to the court order.

- (1) The lien is effective immediately upon recording of the court order with the register of deeds.
- (2) The court order recorded with the register of deeds shall constitute the pendency of the lien. In addition, a written notice of lien shall be sent by the city by first class mail to the owner of record of the land, building or structure at the owner's last known address.

- (3) The lien may be enforced and discharged by the city in the manner described by its Charter, by the General Property Tax Act, Public Act No. 206 of 1893 (MCL 211.1 et seq.), or by an ordinance duly passed by the city. However, property is not subject to sale under Section 60 of Public Act No. 206 of 1893 (MCL 211.60), for nonpayment of a civil fine or costs or an installment ordered under subsection (a) or (b) of this section unless the property is also subject to sale under Public Act No. 206 of 1893 (MCL 211.1 et seq.) for delinquent property taxes.
- (4) A lien created under this section has priority over any other lien unless one or more of the following apply:
  - a. The other lien is a lien for taxes or special assessments.
  - b. The other lien is created before the effective date of the amended ordinance that added this section.
  - c. Federal law provides the other lien has priority.
  - d. The other lien is recorded before the lien under this section is recorded.
- (5) The city may institute an action in a court of competent jurisdiction for collection of the fines and costs imposed by a court order for a violation of this article. However, an attempt by the city to collect the fines or costs does not invalidate or waive the lien upon the land, building or structure.
- (6) A lien provided for by this subsection shall not continue for a period longer than five years after a copy of the court order imposing a fine or cost is recorded, unless within that time an action to enforce the lien is commenced.

**Sec. 82-439. ~~Procedure when violation is not corrected after warning - shall be deleted in its entirety.~~**

~~If an authorized city official issues and serves a municipal ordinance violation warning and if the violation is not corrected, a municipal civil infraction citation may be filed with the district court and a copy of the citation may be served by first class mail upon the alleged violator at the alleged violator's last known address. The citation filed with the court does not need to comply in all particulars with the requirements for citations as provided by sections 8705 and 8709 of the Act (MCL 600.8705, 600.8709), but shall consist of a sworn complaint containing the allegations stated in municipal ordinance violation notice and shall fairly inform the alleged violator how to respond to the citation.~~

# MEMORANDUM

To: Mayor Dean and City Council  
From: Kristen Kapelanski, Community Development Director  
Date: February 23, 2026  
Subject: Residential Grading – City Code Amendment

---

Madam Mayor and Members of City Council,

## Background

- Article VII of Chapter 26 of the City Code provides standards for residential grading and drainage, particularly as they relate to additions to existing homes and new construction.
- Presently, contractors and home owners who have pulled permits related to additions/accessory structures of a certain size and new residential construction, must submit an “as built” drawing at the conclusion of the construction certifying the final grades of the property.
- The City recently switched to Spalding DeDecker as the City’s engineering consultant and staff has been reviewing and working through several processes, including residential construction, in an effort to review and update them as needed.

## Summary

- The proposed amendment revises the process for “as built” drawings. “As built” will now be prepared by the City’s engineering consultant at the completion of the construction. This will include an inspection to confirm the final grades match the proposed grades on the submitted plot plan and do not violate City Code requirements.

## Recommendation

## MEMORANDUM

To: Mayor Dean and City Council  
From: Rachel Patterson, Deputy City Clerk

Date: February 23, 2026  
Subject: Updates to the fee schedule.

---

Madam Mayor and Members of City Council,

### **Background**

Adjustments to the fee schedule

### **Summary**

#### **Community Development**

- A \$1,300 fee has been added under Plan Examination fees for residential grading review and as built preparation. This was previously done as an escrow account. Spalding DeDecker will now be preparing the as built plans after a site inspection of final grades.
- Clarifications were made to the Construction Permits fees to indicate that the \$1,000 cash bond and two inspections fee applies to Wrecking/Demolition.
- A \$1,000 bond for all Temporary Certificates of Occupancy (TCO) was added to the Construction Permits fee. This is in accordance with the current residential grading ordinance and has been standard practice for TCO's issued for commercial properties as well.
- A clarification was added to the Plan Examination fees to indicate that the 20% administrative charge for third party reviews of plans applies to the plan review fee.
- New fees have been added for a zoning compliance and zoning verification process under Miscellaneous Fees. The zoning verification fee will be utilized when organizations, such as banks, are requesting official documentation from the City confirming the zoning district and allowable uses of a property. The zoning compliance fee will be utilized when any person or organization is

requesting documentation and confirmation from the City confirming the zoning district, allowable uses, approved variances and site plan conditions, etc. of a particular property.

- A 20% administration fee has been added for all third party site plan reviews. This is consistent with administrative charges for third party building plan reviews and covers the City's time for routing and logging reviews.
- All site plan engineering review costs have been changed from a fee and escrow amount to an escrow amount only. Spalding DeDecker will be conducting all utility, stormwater and site layout reviews in consultation with the Department of Public Works instead of both entities producing separate review letters. All review costs will be passed on to the applicant.
- All fees have been removed from the Dream Cruise Fees section with the exception of those applying to Woodward Avenue businesses and property owners. The majority of the information and fees listed under this section reflected processes from several years ago. This section may see additional updates when the City events policy is finalized.

### **Recommendation**
